

Foundation 4Life® Matches Every Dollar

On behalf of our 4Life® Founders David and Bianca Lisonbee, and the entire 4Life family, we express our deepest concern and sympathy for the people of Japan. The effects of the recent 9.0 earthquake and subsequent tsunami have devastated the entire country. An escalating nuclear crisis, weather, losses of power, sanitation, and lack of food are among the many challenges people continue to face. The human and material damage is immense. To date, the tragic loss of life exceeds 6,900 people with at least 10,700 still missing.

Through communication with the 4Life Japan office, we know that out of 152 distributors who live in the area affected by the quake and tsunami, nine are missing. Phone lines that would help connect us to these missing people are still down, but we are continuing to search. Volunteers are not able to access parts of the devastated areas right now and shipments are limited; but once access is regained, we can move forward with additional support.

Together, we can make a significant impact that directly helps 4Life family members who are in desperate need. We encourage you to partner with us in reaching out to these 4Life distributors by making a monetary donation. When you make your donation by March 31, 2011, Foundation 4Life will match every dollar that is contributed, automatically doubling your effort.

To donate, and help provide support focused on aiding 4Life distributors who have incurred significant losses, choose one of the following options:

Go to foundation4life.org and click on the "Get Involved" tab.

Call 888.454.3374 and talk with a 4Life representative.

Our hearts and prayers are with all of the families and victims in Japan. Thank you for your continued support as we strive to lend a helping hand.

Sincerely,

Steve Tew
