

The Aramark Employee Matching Gift Program

The Aramark Employee Matching Gift program process has recently been updated. The program supports the personal charitable interests of full-time Aramark employees and provides them the opportunity to apply for a matching gift to accredited Higher Education institutions and non-profit 501(c)3 organizations they are personally involved with. The new electronic, paperless process makes it more easy and efficient to request a gift and learn the status of their request. There will no longer be a need to copy checks, fill out paper forms and send by mail. Using the Aramark Matching Gift portal available to the employee, Community Involvement Portal<<https://sso.aramark.net/AramarkSSO/?OTIdP=OTIdPYourCause&PSPId=https://aramark.yourcause.com>>, they can now virtually submit their request and scan and upload supporting documentation.

In addition, we have updated the Matching Gift program guidelines and eliminated the need to volunteer 10 hours with their preferred non-profit 501 c(3) organization in addition to their financial contribution to receive the Aramark match.

For Aramark Matching Gift program guidelines and additional information, the employee should visit Aramark Matching Gifts<<https://www.aramark.net/matchinggifts/home/basic.aspx?id=413&contentid=1730>>. They should review the program parameters and process before requesting a gift. If the employee has any questions or does not have access to the Community Involvement Portal, they should contact me directly.
