

Thank you for submitting your information or grant request to the Brady Corporation Foundation. Please note that the policy of the Brady Corporation Foundation is to solicit prospective grant recipients through an RFP (request for proposal) basis only, and therefore only grant proposals that have been

specifically requested by a member of the Brady Corporation Foundation Board and/or Grants Advisory Committee will be considered for funding. If your submission did not come at the request of the Brady Corporation Foundation, it will be kept on file for 18 months and may - or may not - be reviewed for consideration in the RFP process.

The focus of the Brady Corporation Foundation is to make significant, long-term grants to non-profit organizations with 501.c.3 status, focusing on three primary areas of development: Formative Development (birth - elementary school), Skills Development (primary and secondary school), and Leadership Development (colleges, universities and technical schools).

If you are a school or non-profit seeking a single-year gift that has a focus on education you may want to make a request for a charitable gift from the Brady Corporation.

Inquiries of this nature should be sent to:
