

2008 Employee Matching Gift Program

GMAC Financial Services supports you and your favorite charitable organizations

You have the power to give twice as much to a favorite cause or organization with the GMAC Matching Gift program. We will match your personal financial contributions to eligible charitable organizations – up to \$250 per calendar year.

Your donations can be made directly to your charity or online via Easymatch. You give, we give. It truly is that easy.

Who can participate?	All regular full- and part-time employees of GMAC Financial Services and its subsidiaries. Contractors, temporary employees, or interns are not eligible for the matching program.
How much does GMAC match?	Your financial donation will be matched dollar for dollar up to \$250 per calendar year. Note: The maximum match of \$250 is a shared limit between the Matching Gift and Volunteer Match programs. You may choose to use either or both programs, as long as the total match paid out in the calendar year does not exceed \$250.
What organizations are eligible?	Charitable organizations that are certified for tax-exempt status under the national taxing authority (Internal Revenue Service Section 501(c)(3) or international equivalent). In the US, your charitable contribution must be tax-deductible. For non-US employees, contributions must be made to organizations that are eligible to receive charitable contributions in accordance with the tax laws of the country in which that organization is located. Organizations that are already vetted for eligibility are listed on Easymatch. New organizations can be submitted for vetting process via Easymatch.
