

GoSpotCheck Donation Matching Guidelines

GoSpotCheck will match any charitable donation up to \$100 per employee per year.

Donation matching will follow the calendar year and is restricted to employees who have been with GoSpotCheck more than 90 days.

Each employee is required to write 100 words detailing why they are requesting a donation match for a particular organization.

Donations matched by GoSpotCheck are only approved if the organization is a 501(c)3 organization. There is no restriction against religious, political, or other organizations, provided they meet the required 501(c)3 registered status.
