- located within the United States
- registered as a tax-exempt, 501(c)(3) organization, as determined by the Internal Revenue Service.

ELIGIBLE GIFTS

- Gifts must be personal contributions made (not merely pledged) in the form of cash or securities (the applicable market value of which is that on the date the gift is received by the school).
- Payment made by a spouse of an Eligible Participant.
- The Company will match up to \$10,000 per eligible participant each year.
- The Company will make its matching grants payable directly to the educational institution. However, if the employee has contributed to a specific department, fund, etc., and wishes Huber's matching gift to be directed similarly, the employee may specify this on the Matching Gifts Application. Such gifts will be considered only if the recipient is an integral part of the institution and transmits all contributions to the eligible school to promote educational programs or maintain educational facilities of the institutions.
- A gift to an alumni fund of an eligible institution qualifies to the extent that it is made available to the institution and not retained by the fund for other purposes.
- The donor or their family cannot receive any benefits (e.g., tuition offsets, free or discounted tickets, etc.) as a result of the Company's matching grant.

The Company reserves the right to cancel or revise the Program at any time.
