

KeyBank Foundation, a foundation funded by KeyCorp and KeyBank National Association, is pleased to offer eligible employees the opportunity to support qualified organizations through its [Employee Matching Gifts Program](#).

KeyBank launched [Key4Community](#) in our ongoing efforts to support our employees' commitment to community, reduce our impact on the environment, and provide a unified, online tool for you to manage your overall community involvement. Going forward, **please use [Key4Community](#) to initiate future matching gift requests**. You can also [view the request status](#) online in our **Key4Community** tool.

To assist you in navigating the system, a [quick reference guide](#) and [training video](#) have been developed. If you have any questions regarding your employee matching gifts request, please contact the matching gifts administrator at keybank_foundation@keybank.com.

Thank you for all you do to help our communities thrive!

Thanks:

Ajeet Tiwari
