Introduction

LPL Financial is proud to introduce the *Invest in Others* Matching Gift Program. This program is made possible through generous donations to the *Invest in Others* Charitable Foundation by our product sponsors, our private equity partners and LPL Financial. This foundation was created to directly support LPL Financial Advisors who are working to make a difference in their communities and are involved with many worthy causes. Through this program, LPL Financial Advisors may request a matching gift from the *Invest in Others* Charitable Foundation after giving a personal donation to an eligible charitable organization.

Which Organizations Are Eligible for Matching?

Nonprofit organizations located in the United States or in one of its possessions are eligible for matching. These organizations must be recognized by the Internal Revenue Service as tax-exempt and designated either as a public charity under Section 501(c)(3) of the IRS Code or as an instrumentality of a federal, state or local government as provided by Section 170(c)(1) of the Code.

Eligible organizations include, but are not limited to: accredited colleges and universities, accredited private and public elementary and secondary schools, arts and culture organizations, health and human services agencies, civic organizations, and environmental organizations. Donations to ongoing and independently run programs affiliated with religious organizations are eligible for matching if the donation is restricted to a nonsectarian project that provides needed social services to the community at large on a non-discriminatory basis without any religious teaching, directive or requirements to receive services (e.g., a soup kitchen, a homeless shelter, a food bank, etc.).
