Comments: Corporate Matching Gift Program

Munich Reinsurance America, Inc. established a Matching Gifts program to encourage and maximize our employees' donations to colleges, universities, hospitals and medical centers. The Company will match eligible contributions up to \$1,000 per donor, per calendar year to accredited U.S.-based public or private colleges/universities and up to \$1,000 per donor, per calendar year to approved U.S.-based hospitals/medical centers. The minimum matching gift is \$25.

Persons Eligible for Participation

Regular full- or part-time employees (who are scheduled to work at least 20 hours per week) and/or spouses of regular full or part-time employees of Munich Reinsurance America or one of its wholly-owned subsidiaries.

Persons who are normal or early retirees under the Munich Reinsurance America Pension Plan.

Eligible Institutions

Public or private accredited colleges/universities and hospitals/medical center that are based in the U.S. or its territories.

Non-Eligible Institutions

Colleges/universities that are not accredited, public or private elementary and secondary schools, nurseries, daycare centers or preschools. Organizations (non-profit or otherwise) established to address specific diseases or provide specific social services or programs (e.g., the United Way, American Red Cross, American Cancer Society, etc.)

How the Program Operates

Eligible employees or their spouses should send a copy of the institution's acknowledgement letter, including the institution's address, amount and date of donation to the

Matching Gifts Coordinator. Cancelled checks and pledge forms are not acceptable.

Requests and all completed documentation must be received by Munich Reinsurance America promptly after the gift is made, and in any event not later than March 15 of the year following the calendar year in which the gift is made. All otherwise qualifying requests or documentation received after the Company's books have closed for a particular calendar year will be processed for matching the following year, with the amount of the Company's Matching Gift applied to the donor's limits for such following year.
