Employee Matching Gift Program Guidelines

The Simons Foundation Employee Matching Gift Program was established to support the charitable interests of the staff and to recognize personal philanthropy. The Employee Matching Gift Program provides a 2:1 match by the Foundation for personal contributions made by its employees to eligible nonprofit organizations.

Eligible Organizations

Eligible organizations include charitable nonprofit organizations, with the exception of private foundations, that are recognized as a tax-exempt public charity by the U.S. Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code.

The Simons Foundation will match contributions to tax-exempt charitable organizations with the exception of contributions to churches or religious organizations for unrestricted or doctrinal purposes. Contributions to religious organizations must be for nonreligious purposes (e.g. soup kitchens, day care, low-income housing, shelters, community development) to be eligible.

Eligible Contributions

The Simons Foundation will match contributions (cash, check or credit card) made directly to an eligible organization. The use of matching gifts to fulfill personal obligations such as pledges is not permitted. Donations must be purely charitable, with the donor receiving no benefit or gift as a result of the contributions. Any payment for which the donor receives a specific benefit in return must be reduced by the fair market value of the benefit, to determine the gift portion of the payment. The Simons Foundation gift will match that portion of an employee's donation that the recipient organization represents to be fully tax-deductible. Charitable organizations generally indicate on solicitation materials the fair market value of any goods or services offered in exchange for the contribution.

Limitations

The Simons Foundation will match donations on a two for one basis, up to a \$5,000 maximum contribution by each employee and a \$10,000 matching contribution by the Foundation per calendar year. The minimum eligible for an individual matching gift is \$100.

Matching Gift Forms must be received by the Simons Foundation within six months of the date the employee made the gift in order for it to be eligible for matching.

If you have any questions about the Employee Matching Gift Program, please contact Maria Adler.

Process

1. Employee completes Part A of the Matching Gift Form and sends the form, with the donation, to the eligible recipient organization.
2. The recipient organization completes Part B of the Matching Gift Form verifying that the financial gift was received and returns the form, along with proof of their 501(c)(3) status, to the Simons Foundation.
3. The Simons Foundation will review the Matching Gift Form and, following approval, checks will be sent directly to the qualifying organization. The employee will then receive a copy of their processed Matching Gift Form.
4. Matching Gift contributions will be processed quarterly and checks will be sent at the end of the following months: March, June, September and December. Matching Gift forms must be received by December 1 in order to be processed by December 31, the end of the calendar year.

FAQ

1. I usually give to the XYZ Foundation. Why are private foundations excluded?
We have excluded giving to private foundation because of IRS regulations. If the XYZ foundation is a 501 c 3 public charity, rather than a private foundation, it is eligible for a matching gift.
2. What about matching funds raised for community fundraisers (e.g. bake sales) or my participation in walk-a-thons or charitable races and contests? *While we acknowledge your participation in community fundraising events, only the amount of a gift made by you, as an individual, is eligible for matching. The contributions of others do not qualify for matching by the Foundation.*
3. Are in kind gifts of property, stocks, insurance premiums, etc, eligible for a match? *No. Only gifts of cash, check and credit card are eligible.*
4. Does the Matching Program apply equally to part time and full time staff? *Yes, all current staff of the SF are eligible to participate equally with the same maximum.*
5. Can gifts be made with pre-tax dollars or through employee payroll deductions? *No*
6. Are contributions made by my family members eligible for the match? *No*
7. What about gifts I already made during the eligible period? I didn't include the matching gift form? *The form is available on the basecamp Benefits Project. You can download the form, and send it to the organization for processing as long as the gift was made within the time limits outlined.*
8. Is there a maximum number of gifts I can make to organizations? Is there a limit on the number of organizations I give to under the Matching Program? *Gifts of \$100 and above will be matched. While there are no limitations on the number of gifts, larger gifts can have greater impact. (Larger gifts also limit the number of administrative transactions processed). You may make one gift of \$5000, several smaller gifts, or many small gifts.*
9. What if I choose not to participate this year? Can I participate next year? *Yes, participation in the Employee Matching Gift Program is entirely voluntary. There is no requirement to participate, and you may participate at any level during any year, regardless of what you do in any previous years. However, the matching contribution is limited to the maximum per calendar year and is not carried over to subsequent years.*
10. What if I have more questions or I am not sure of qualifying organizations? *Questions about administration of the Simons Foundation Matching Gift Program can be addressed to Maria Adler by email: madler@simonsfoundation.org.*
