Educational Matching Gifts Program

United States Steel Foundation, Inc. • 600 Grant Street • Pittsburgh, PA 15219-2800 • 412 433 5237

The U. S. Steel Matching Gifts Program was created to enable employees and outside directors of United States Steel Corporation to participate with the United States Steel Foundation, Inc. in providing financial support to institutions of higher education. Under this program, the Foundation will match contributions made by employees and directors to eligible institutions.

PARTICIPATION

All active full-time employees of U. S. Steel Corporation with at least one year of continuous service and outside directors of U. S. Steel Corporation are eligible unless excluded from participation by specific action of the Trustees of United States Steel Foundation. Retirees become ineligible on January 1 of the year following retirement.

ELIGIBILITY

Any regionally accredited institution of higher education at the four-year or graduate level located within the United States which is recognized by the Internal Revenue Service as an educational institution to which contributions are deductible for federal income tax purposes is eligible to receive a matching gift from the Foundation.

A tax-exempt educational institution meets the Program's requirements if it is listed in the current edition of the Higher Education Directory published by Higher Education Publications, Inc. Documentation of the IRS certification of the institution as tax-exempt must be provided to the Foundation by the institution.

Employees or directors need not have attended the institution to which they contribute.

ELIGIBLE CONTRIBUTIONS

The Foundation will match, on a dollar-for-dollar basis, to one or more qualifying institutions, charitable (tax deductible) contributions of personal funds or securities (having a quoted market value) in amounts ranging from

not less than \$50 per institution to a maximum of \$10,000 per employee or director in a calendar year. The date of the gift is considered to be the date that appears on the donor's check to the educational institution.

If the contribution takes the form of securities, the value of the securities will be based on the last sale price for such securities prior to the date of such contribution. The value of securities traded in the over-the-counter market will be based on the last published bid prior to the date of such contribution. The Foundation's determination of the value of securities shall be final and binding.

The donor may make an unrestricted contribution or designate a purpose except those defined in the Program as ineligible. The Foundation's matching gift will be for the same eligible purpose designated by the donor.

INELIGIBLE CONTRIBUTIONS

Pledges to make a contribution in the future, payment of tuition and student fees, purchases of goods and services, including tickets to athletic events and payments of alumni dues, are not eligible contributions. Designations for scholarship funds are not eligible contributions unless the educational institution administers such fund.

ADMINISTRATION

Contributions will be matched only when the matching gift form is sent to the educational institution, completed by the institution and returned to the Foundation. Payment will be made direct to the institution, and the donor will be notified of the payment date.

All matters relating to interpretation, application and administration of provisions of this Program, or otherwise relating to the Program, shall be determined by the Foundation and its determination shall be final and binding.

The Trustees of the Foundation reserve the right to amend, suspend or terminate this Program at any time.

Please complete the Matching Gift form on the reverse side and forward it to the college or university with your contribution.

Part A

TO BE COMPLETED BY THE DONOR AND FORWARDED TO THE EDUCATIONAL INSTITUTION

I wish to have the following gift matched by the United States Steel Foundation. I certify that the information submitted is correct and that this charitable, federal tax-deductible gift fully complies with the provisions of the Program. I also authorize the institution named below to report my gift to the United States Steel Foundation for the purpose of qualifying for a matching contribution in accordance with the provisions of the Program.
