

Matching Gift Program Guidelines

The United Technologies Matching Gift Program improves the quality of life in the communities where our employees and their families live and work. We encourage employees to be involved in their communities and we support and celebrate these activities through our matching gift program.

Eligible Participants

Any full-time employee or member of the Board of Directors of United Technologies Corporation or one of its divisions or subsidiaries who has completed one year of service. Part-time, temporary and retired employees are not eligible. Gifts from spouses and other family members are not eligible for matching.

How the Program Works

- Gifts are matched dollar-for-dollar based on the following thresholds:
 Gifts up to and including \$100: United Technologies will match the entire amount.
 Gifts over \$100: United Technologies will match the tax deductible amount.
- United Technologies will match gifts paid (not pledged) between \$25 and \$25,000 per individual, per calendar year, to eligible institutions, for a maximum United Technologies contribution of \$25,000.
- Gifts must be made from the employee's own funds directly to approved institutions.
- Gifts may be paid by cash, check, or negotiable securities that have a publicly listed market value. The value of securities will be determined based upon the closing market price on the date of the gift.
- No other form of personal or real property, gifts in-kind, materials, gifts made by will or similar mechanisms or supplies will be matched.
- Gifts must be registered within one year of the date of the gift. Gifts registered after that time will not be eligible.
- United Technologies reserves the right to decline to match any donation to an organization (a) that denigrates or advocates discrimination or violence toward any racial, ethnic or cultural group or (b) whose practices are in the good faith determination of the company, otherwise inconsistent with company goals and policies.

Eligible Organizations

The United Technologies Matching Gift Program is focused on advancing the following giving priorities.

Advancing STEM Education

Eligible educational institutions are: two-year and four-year colleges; graduate schools; professional or technical schools; and secondary schools that include at least grades 9-12, or organizations directly promoting or advancing math and science education for middle/secondary school level, which are:
