Matching Gift Program

I. Program Scope

In the United States, Air Products and/or The Air Products Foundation ("The Foundation") match the gifts of eligible individuals to appropriately accredited colleges and universities, and to qualifying nonprofit arts and cultural organizations which are operated for the benefit of the general public.

II. Eligible Individuals

- Any active regular, full-time or part-time employee of Air Products and Chemicals, Inc. ("Company") or its designated participating domestic subsidiaries, and his or her spouse. No minimum employment service is required.
- Active members of the Company's Board of Directors and their spouses.

III. Eligible Organizations

- Colleges and universities located in the United States or its possessions which are accredited and documented by the appropriate regional or professional accrediting association.
- Tax-exempt organizations (other than a private, non-operating foundation) incorporated in the United States which are established for the academic improvement of specific colleges and universities as indicated in the preceding paragraph.
- Tax-exempt organizations (other than a private, non-operating foundation) incorporated in the United States which are established for the academic improvement of specific colleges and universities located outside of the United States.
- Nonprofit arts and cultural organizations or institutions which are engaged in the following activities for the benefit of the general public: specifically, public radio and television; performing arts companies in dance, drama, opera, and music; public arts or cultural centers; museums of art, science or history; public libraries and art galleries; public theaters, arts festivals, councils, or funds; crafts and folk art organizations; poetry and writing organizations; and historical villages or cultural preservation efforts open to the public. The organization must be located and organized in the United States or its possessions and be recognized as tax-exempt under section 501(c)(3) of the Internal Revenue Code, and not be a private foundation except for an exempt operating foundation.
- Air Products and/or The Foundation reserve the right to determine the eligibility of a given organization/institution.

IV. Gifts Qualifying for Matching by the Company or The Foundation

- All personal gifts (not merely pledges) made directly or through a charitable trust created by an eligible individual to an accredited college or university, or to a qualifying nonprofit arts or cultural organization or institution. The gift may be in the

form of cash, check, money order, or in publicly traded securities having a quoted market value as determined by the last sale or published bid price (closing price) on the date the gift was made.

- The minimum gift Air Products and/or The Foundation will match for each eligible individual is \$25.
- Gifts by eligible individuals may be designated or restricted for use by the institution, but the matching gift by Air Products and/or The Foundation will be for unrestricted general support.
- Air Products and/or The Foundation will match only payments which are actual donations to the organization. If the donor receives goods, services, or other special privileges as a result of the contribution, the contribution will not be matched. For example, Air Products and/or The Foundation will not match payments for tuition or registration fees, raffle tickets, magazine and ticket subscriptions, or admission to athletic, cultural, or social events. Membership or alumni fees for which an individual receives special goods or services will not be matched. Similarly, gifts made by will or life income plans and similar arrangements do not qualify for matching by Air Products and/or The Foundation.

V. Matching of Gifts to Colleges and Universities

- Qualifying gifts to accredited colleges and universities and tax-exempt organizations will be matched by Air Products and/or The Foundation at an amount equal to that donated by eligible individuals.
- The maximum annual amount Air Products and/or The Foundation will donate in any fiscal year for each eligible individual, including donor and spouse gifts combined, is \$5,000.
- Donors need not have attended the college or university to which a gift is made.
- Air Products and/or The Foundation reserve the right to determine the eligibility of a matching gift.

VI. Matching of Gifts to Nonprofit Arts and Cultural Organizations

- Gifts to qualifying nonprofit arts and cultural organizations will be matched by Air Products and/or The Foundation at twice the amount donated by eligible individuals.
- The maximum annual amount Air Products and/or The Foundation will donate in any fiscal year for each eligible individual, including donor and spouse gifts combined, is \$2,000.

VII. Termination of Program

- Air Products and/or The Foundation reserve the right to terminate this Matching Gift Program at any time.
